FROM: Linda Villegas Bremer 
Director

SUBJECT: Capitol Campus Child Care Center

In 1989, we established the Capitol Campus Child Care Center to provide convenient, economical childcare for state employees. The Legislature recognized the benefits to the state as an employer, as well as to the employees and their children. In 1994, the law was amended to allow state agencies to support employee childcare facilities.

In July 1999, your agency, along with nineteen other state agencies, agreed to help defray the facility costs of the center through an annual contribution toward the Department of General Administration's (GA) maintenance costs. This multi-agency support allows GA to maintain the facility at an appropriate level.

On behalf of the employees that take advantage of the child care program, I would like to thank you for your agency's voluntary participation that allows us to continue to provide this vital service. The staff in your financial office was very helpful.

If you would like more information, please contact me at (360) 902-7200.
